Fundada em 1986, dedica-se ao desenvolvimento de projeto e produção de torneiras, tanto para as áreas doméstica quanto profissional e de utilização em espaços públicos.
Temos como missão oferecer ao mercado soluções de conforto sem nunca esquecer as questões ambientais, estando em contínuo desenvolvimento da tecnologia Ofa ecotech **– economia de recursos hídricos e energia.**

Founded in 1986, it is dedicated to the design and production of faucets, both for domestic and professional areas and for use in public spaces.
Our mission is to offer comfort solutions to the market without ever forgetting environmental issues, with the continuous development of Ofa **eco**tech technology - saving resources and energy.

Fundada en 1986, se dedica al diseño y producción de grifos, tanto para áreas domésticas y profesionales como para uso en espacios públicos.
Nuestra misión es ofrecer soluciones de confort al mercado sin olvidar nunca los problemas ambientales, con el desarrollo continuo de la tecnología Ofa **eco**tech, ahorrando recursos y energía.

Fondé en 1986, il est dédié à la conception et à la production de robinets, à la fois pour les espaces domestiques et professionnels et pour une utilisation dans les espaces publics.
Notre mission est d'offrir des solutions de confort au marché sans jamais oublier les problèmes environnementaux, avec le développement continu de la technologie Ofa **eco**tech - économie de ressources et d'énergie.

1986 > 1995 > 2007 > 2016

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

ofa ecotech

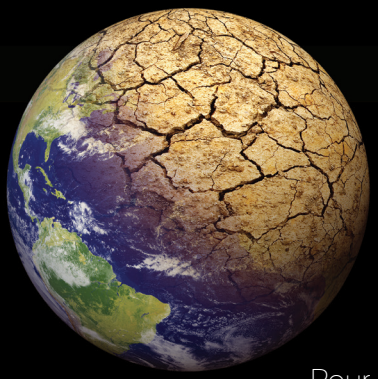

ANQIP

O futuro do planeta depende de todos, cidadãos e empresas.
A OFA não fica alheia a este problema, dando continuidade ao desenvolvimento da tecnologia ECOTECH – economia de recursos hídricos e energia.
Sendo a água o núcleo da vida, esta tecnologia presente na maioria das soluções disponíveis, reforça a nossa preocupação na preservação dos recursos do planeta.
Descubra as várias soluções de "eficiência hídrica" ao longo do catálogo.

The planet's future depends on all citizens and entrepreneurs. The OFA is not oblivious to this problem, continuing the development of technology ECOTECH - saving resources and energy. Because water is the core of life, this technology present in most of the available solutions, reinforces our concern in preserving the planet's resources.
Find the various solutions of "water efficiency" througout the catalog.

El futuro del planeta depende de todos; de gobiernos, de personas y de empresas.
La OFA no es ajena a este problema y aporta el desarrollo de la tecnología "ECOTECH" consiguiendo un ahorro de recursos hídricos y de energia.
Dado que el agua es la base de la vida, con esta tecnologia que incorporan la mayoria de nuestras soluciones, colaboramos en la preservacíon de los recursos del planeta.
Descubra las diversas solucions de "eficiencia del agua" en todo el catálogo.

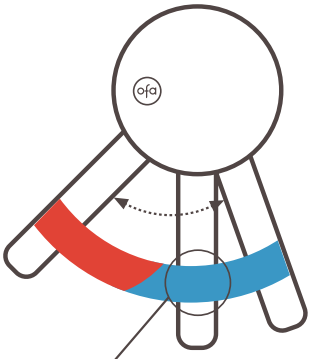

L'avenir de la planète dépend de tous les citoyens et les entreprises.
L'OFA n'est pas insensible à ce problème, en poursuivant le développement de la technologie ECOTECH - économiser les ressources et l'énergie. Parce que l'eau est au cœur de la vie, cette technologie présente dans la plupart des solutions disponibles, renforce notre souci de préserver les ressources de la planète.
Decouvrez lés différents solutions d' "efficacité de l'eau" à traveis le catalogue.

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

ECOENERGY

Água fria
Cold water
Agua fria
Eau froide

Funcionamento

"Abertura em Frio":
Com manípulo na posição central disponibiliza apenas água fria (cartucho standard fornece água misturada).

"Cold Opening"
With center position handle provides only cold water (standard cartridge provides mixed water).

"Apertura en Frio"
Con la maneta en posición central solo proporciona agua fria (el cartucho estándar proporciona agua mezclada).

"Ouverture à froid"
Quand le poignée est en position centrale ne fournit que l'eau froide (la cartouche standard fournit de l'eau mélangée).

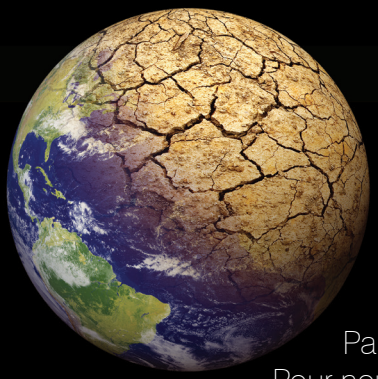

Vantagens

"Economia de Energia"
Como a maioria dos utilizadores abre o manípulo na posição central, evita-se o consumo de água quente desnecessária.

"Saving Energy"
As most users open the handle in central positions, unnecessary hot water is avoided.

"Economia de Energia"
Como la mayoria de los usuarios abren el asa en la posición central, se evita el agua caliente innecesaria.

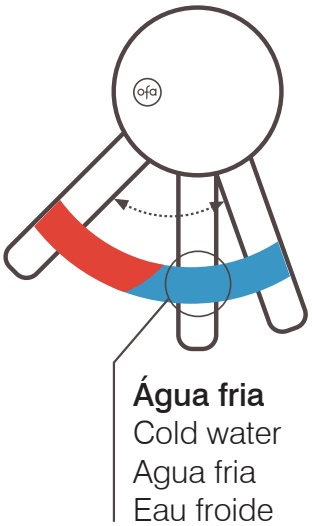

"Économie d'énergie"
Comme la plupart des utilisateurs ouvrent la poignée en position centrale, l'eau chaude inutile est évitée.

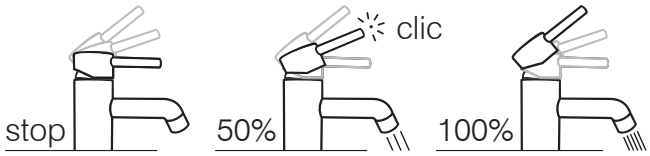

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

Cartridge
Cartucho
Cartuche

ECODUO

Funcionamento

"Abertura em Frio com Duplo Patamar":
Com manípulo na posição central disponibiliza apenas água fria (cartucho standard fornece água misturada).
Funciona em dois patamares, com resistência de um "clic" entre os patamares de fluxo reduzido(4,5Lts) e fluxo total (8 Lts).

"Cold Opening with Double Level Flow Rate"
With center position handle provides only cold water (standard cartridge provides mixed water). It works in two flow rate levels, with resistance of a "clic" between the reduced (4,5Lts) and total (8 Lts) flows.

"Apertura en Frio con Doble Nivel"
Con la maneta en posición central solo proporciona agua fria (el cartucho estándar proporciona agua mezclada). Funciona en dos niveles, con resistencia de un "clic" entre los niveles de flujo reducido (4,5Lts) y flujo total (8 Lts).

"Ouverture à Froid avec Double Niveau"
Quand le poignée est en position centrale ne fournit que l'eau froide (la cartouche standard fournit de l'eau mélangée). Il fonctionne à deux niveaux, avec une résistance d'un "clic" entre les niveaux de débits réduit (4,5Lts) et total (8 Lts).

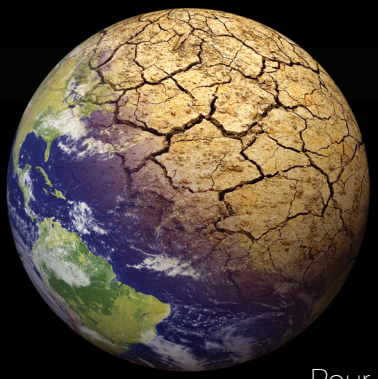

Vantagens

"Economia simultânea de energia e água"
Como a maioria dos utilizadores abre o manípulo na posição central, evita-se o consumo de água quente desnecessária.
A resistência do "clic", permite opção de abertura em fluxo reduzido, com economia de 50% no consumo de água.

"Saving simultaneously energy and water"
As most users open the handle in central positions, unnecessary hot water is avoided. The "clic" resistance allows the option of reduced flow opening, with 50% saving in water consumption.

"Ahorro simultáneo de energía y agua."
Como la mayoria de los usuarios abren el asa en la posición central, se evita el agua caliente innecesaria. La resistencia al "clic" permite la opción de apertura de flujo reducida, con un ahorro del 50% en el consumo de agua.

"Économie simultanée d'énergie et d'eau"
Comme la plupart des utilisateurs ouvrent la poignée en position centrale, l'eau chaude inutile est évitée. La résistance au «clic» permet l'option d'une ouverture à débit réduit avec une économie d'eau de 50%.

ECOCLIC

Funcionamento

"Abertura Duplo Patamar":
Funciona em dois patamares, com resistência de um "clic" entre os patamares de fluxo reduzido(4,5Lts) e fluxo total (8 Lts).

"Opening Double Level Flow Rate"
It works in two flow rate levels, with resistance of a "clic" between the reduced (4,5Lts) and total (8 Lts) flows.

"Apertura con Doble Nivel"
Funciona en dos niveles, con resistencia de un "clic" entre los niveles de flujo reducido (4,5Lts) y flujo total (8 Lts).

"Ouverture avec Double Niveau"
Il fonctionne à deux niveaux, avec une résistance d'un "clic" entre les niveaux de débits réduit (4,5Lts) et total (8 Lts).

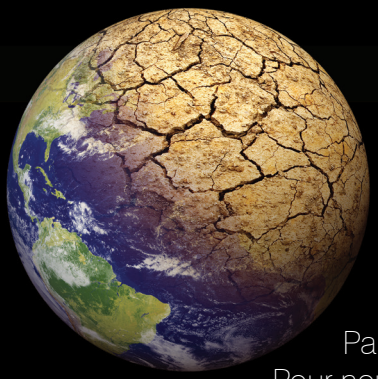

Vantagens

"Grande Economia de Água"
A resistência do "clic", força a opção de abertura em fluxo reduzido, com economia de 50% no consumo de água.

"Saving water"
The "clic" resistance allows the option of reduced flow opening, with 50% saving in water consumption.

"Ahorro del agua."
La resistencia al "clic" permite la opción de apertura de flujo reducida, con un ahorro del 50% en el consumo de agua.

"Économie d'eau"
La résistance au «clic» permet l'option d'une ouverture à débit réduit avec une économie d'eau de 50%.

ECOAIR SYSTEM

poupança de água, conforto adicionado
save water, add comfort
ahorrar agua, añadir comodidad
économiser l'eau, ajouter du confort

O sistema ECOAIR garante mais 50% de economia de água. Aproveitando ao máximo o efeito Venturi, o sistema ECOAIR mistura partículas de ar à água, obtendo o resultado de um jato ainda mais confortável para proporcionar uma sensação de profundo bem-estar, mesmo com baixos caudais e baixas pressões.
ECOAIR SYSTEM está disponível em alguns chuveiros e chuveiros de mão.

The ECOAIR SYSTEM design grants a further 50% water saving. Making the most of the Venturi effect, ECOAIR SYSTEM mixes water to air particles getting the result of an even more comfortable water jet able to give feelings of deep well-being. ECOAIR SYSTEM is available in some shower head and hand showers.

El ECOAIR SYSTEM otorga un ahorro adicional de agua del 50%.
Aprovechando al máximo el efecto Venturi, ECOAIR SYSTEM mezcla las partículas de agua y aire, obteniendo el resultado de un chorro aún más cómodo para brindar una sensación de bienestar profundo.
El ECOAIR SYSTEM está disponible en algunos cabezales de ducha y duchas de mano.

Le ECOAIR SYSTEM permet une économie d'eau supplémentaire de 50%.
Tirant le meilleur parti de l'effet Venturi, ECOAIR SYSTEM mélange les particules d'eau et d'air pour obtenir le résultat d'un jet encore plus confortable qui procure une sensation de bien-être profond.
Le ECOAIR SYSTEM est disponible sur dans certains de pommes de douche et de douches à main.

CONFORTO / COMFORT / CONFORT / CONFORT

O EcoAir System aumenta o prazer de tomar banho e reduz o consumo de água. Este sistema disponível em alguns chuveiros, proporciona uma chuva agradável e relaxante.

EcoAir System increases the pleasure of taking a shower and reduces water consumption. This system, available in some sizes of head and hand showers, provides a pleasant and relaxing rain.

El sistema EcoAir aumenta el placer de tomar una ducha y reduce el consumo de agua. Este sistema, disponible en algunos tamaños de duchas, proporciona una lluvia agradable y relajante.

Le système EcoAir augmente le plaisir de prendre une douche et réduit la consommation d'eau. Ce système, disponible dans certaines tailles de douches, fournit toujours une pluie agréable et relaxante.

ECONOMIA DE ÁGUA / WATER SAVING / AHORRO DE AGUA / ECONOMIE D'EAU

O objetivo do Sistema EcoAir é o da preservação do clima e do meio ambiente. Este sistema permite o melhor conforto sensacional com 50% de economia de água.

The aim of the EcoAir System is that of preserving climate and environment. This system allows the best sensational comfort with 50% water saving.

El objetivo del Sistema EcoAir es el de preservar el clima y el medio ambiente. Este sistema permite la mejor comodidad sensacional con un ahorro de agua del 50%.

Le système EcoAir a pour objectif la préservation du climat et de l'environnement. Ce système permet le meilleur confort sensationnel avec 50% d'économie d'eau.

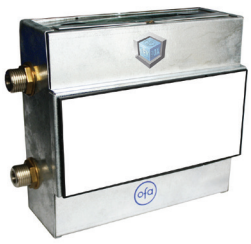

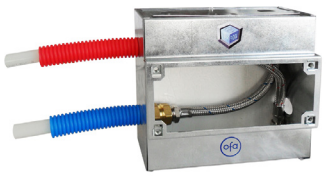

tekbox

A caixa de pré-instalação e visita TEK BOX permite a montagem de torneiras, quer nas tradicionais paredes em alvenaria, como nas modernas soluções de paredes em estrutura metálica revestidas a gesso cartonado (pladur), com a vantagem de livre acesso ao seu interior.
A TEK BOX é fornecida c/ ligações, que permitem efetuar os testes hidráulicos sem a necessidade da montagem da torneira ou de qualquer tamponamento e está preparada para ser utilizada c/qualquer tipo de canalização.

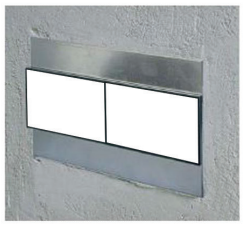

The pre-installation box and visit TEK BOX allows mounting concealed taps, whether in traditional masonry walls as solution in modern plaster boards walls, with the advantage of free access to its interior.
The TEK BOX is provided w/ flexible connectors which enable the hydraulic testing without to need mounting the tap or any plug and it is ready to be used w/ any plumbing pipe system.

La caja de pre-instalación y visita TEK BOX permite el montaje de los grifos, ya sea em las paredes tradicionales o en soluciones modernas de paredes de cárton-yeso tipo pladur, con la ventaja de libre acceso a su interior.
La TEK BOX se suministra con conexiones flexibles que permiten la prueba hidraúlica sin la necesidad de montar el grifo o de taponar las tomas y está adaptada para acoplar cualquier tipo ed tuberia.

La boite de pré-instalation et visit TEK BOX permet de monter des robinets à l'intérieu des mures en maçonnerie traditionnelle comme dans les mur en plaques de plâtre, avec l'avantage du libre accès à son intérieur.
La boite TEK BOX est founi avec flexible speciales que permettent le contrôle hydraulique sans la nécessité de la montage du robinet ou quelque bouchon.

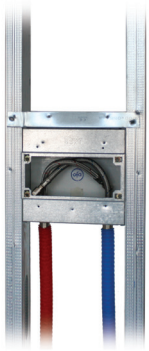

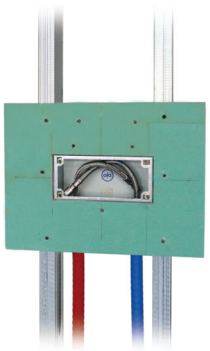

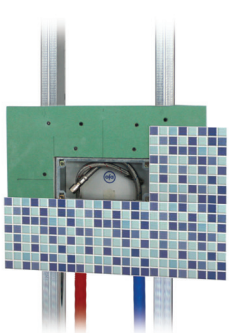

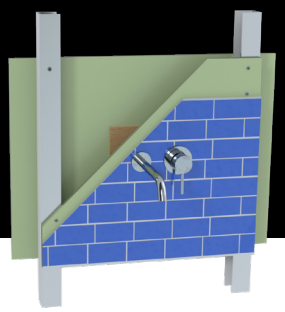

Exemplo de aplicação em alvenaria | Application example in masonry | Ejemplo de aplicacón en paredes tradicionales | Exemple d'application dans la maçonnerie

Exemplo aplicação em pladur | Application example in plaster board walls | Ejemplo de aplicación en pared de cárton-yeso | Exemple d'application en plaques de plâtre

tekfixdur

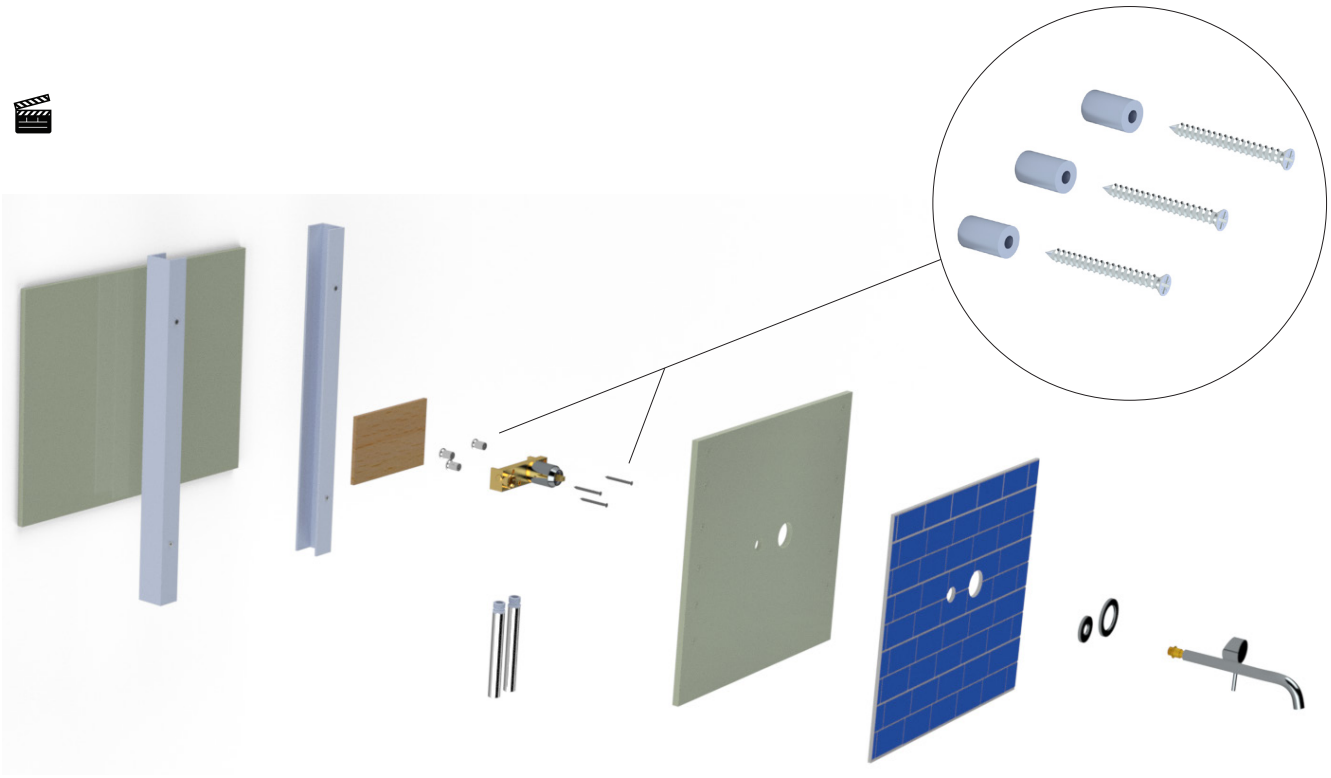

O sistema TEKFIXDUR, permite fixar a gama OFA de misturadoras de encastrar, em paredes de estrutura metálica revestidas a gesso cartonado (pladur).
As misturadoras de encastrar, independentemente de serem destinadas a paredes de alvernaria ou de gesso cartonado (pladur), são já fornecidas com as necessárias adaptações a serem aplicadas com os kits opcionais de fixação a paredes de gesso cartonado (pladur).

The TEKFIXDUR system allows fixing the OFA range of concealed mixers, on modern plaster boards walls.
The concealed mixers, regardless of whether they are intended for masonry walls or plasterboard are already supplied with the necessary adaptations to be applied with the optional fixing kits to plasterboard walls.

El sistema TEKFIXDUR permite la fijación de la gama OFA de mezcladores de empotrar, en paredes de cartón - yeso.
Los mezcladores de empotrar, independientemente de si están destinados a paredes tradicionales de mampostería o paredes de cartón - yeso, ya se suministran con las adaptaciones necesarias para aplicarse con los kits opcionales de fijación a las paredes de cartón - yeso.

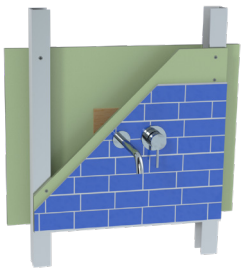

Le système TEKFIXDUR permet de fixer la gamme OFA de mélangeurs encastrés, sur des murs de plaques de plâtre modernes.
Les mélangeurs encastrés, qu'ils soient destinés à des murs en maçonnerie ou à des plaques de plâtre, sont déjà fournis avec les adaptations nécessaires à appliquer avec les kits de fixation en option aux murs en plaques de plâtre.

ofa slim

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

ofa **eco**tech

O futuro do planeta depende de todos, cidadãos e empresas.
A OFA não fica alheia a este problema, dando continuidade ao desenvolvimento da tecnologia ECOTECH – economia de recursos hídricos e energia.
Sendo a água o núcleo da vida, esta tecnologia presente na maioria das soluções disponíveis, reforça a nossa preocupação na preservação dos recursos do planeta.
Descubra as várias soluções de "eficiência hídrica" ao longo do catálogo.

The planet's future depends on all citizens and entrepreneurs. The OFA is not oblivious to this problem, continuing the development of technology ECOTECH - saving resources and energy. Because water is the core of life, this technology present in most of the available solutions, reinforces our concern in preserving the planet's resources.
Find the various solutions of "water efficiency" througout the catalog.

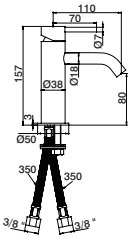

El futuro del planeta depende de todos; de gobiernos, de personas y de empresas.
La OFA no es ajena a este problema y aporta el desarrollo de la tecnología "ECOTECH" consiguiendo un ahorro de recursos hídricos y de energia.
Dado que el agua es la base de la vida, con esta tecnologia que incorporan la mayoria de nuestras soluciones, colaboramos en la preservacíon de los recursos del planeta.
Descubra las diversas solucions de "eficiencia del agua" en todo el catálogo.

L'avenir de la planète dépend de tous les citoyens et les entreprises.
L'OFA n'est pas insensible à ce problème, en poursuivant le développement de la technologie ECOTECH - économiser les ressources et l'énergie. Parce que l'eau est au cœur de la vie, cette technologie présente dans la plupart des solutions disponibles, renforce notre souci de préserver les ressources de la planète.
Decouvrez lés différents solutions d' "efficacité de l'eau" à traveis le catalogue.

Find the various solutions of "water efficiency" througout the catalog.

El futuro del planeta depende de todos; de gobiernos, de personas y de empresas.
La OFA no es ajena a este problema y aporta el desarrollo de la tecnología "ECOTECH" consiguiendo un ahorro de recursos hídricos y de energia.
Dado que el agua es la base de la vida, con esta tecnologia que incorporan la mayoria de nuestras soluciones, colaboramos en la preservacíon de los recursos del planeta.
Descubra las diversas solucions de "eficiencia del agua" en todo el catálogo.

L'avenir de la planète dépend de tous les citoyens et les entreprises.
L'OFA n'est pas insensible à ce problème, en poursuivant le développement de la technologie ECOTECH - économiser les ressources et l'énergie. Parce que l'eau est au cœur de la vie, cette technologie présente dans la plupart des solutions disponibles, renforce notre souci de préserver les ressources de la planète.
Decouvrez lés différents solutions d' "efficacité de l'eau" à traveis le catalogue.

Água fria
Cold water
Agua fria
Eau froide

Funcionamento

"Abertura em Frio com Duplo Patamar":
Com manípulo na posição central disponibiliza apenas água fria (cartucho standard fornece água misturada).
Funciona em dois patamares, com resistência de um "clic" entre os patamares de fluxo reduzido(4,5Lts) e fluxo total (8 Lts).

"Cold Opening with Double Level Flow Rate"
With center position handle provides only cold water (standard cartridge provides mixed water). It works in two flow rate levels, with resistance of a "clic" between the reduced (4,5Lts) and total (8 Lts) flows.

"Apertura en Frio con Doble Nivel"
Con la maneta en posición central solo proporciona agua fria (el cartucho estándar proporciona agua mezclada). Funciona en dos niveles, con resistencia de un "clic" entre los niveles de flujo reducido (4,5Lts) y flujo total (8 Lts).

"Ouverture à Froid avec Double Niveau"
Quand le poignée est en position centrale ne fournit que l'eau froide (la cartouche standard fournit de l'eau mélangée). Il fonctionne à deux niveaux, avec une résistance d'un "clic" entre les niveaux de débits réduit (4,5Lts) et total (8 Lts).

Vantagens

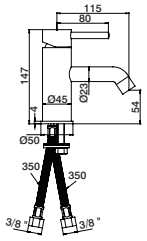

"Economia simultânea de energia e água"
Como a maioria dos utilizadores abre o manípulo na posição central, evita-se o consumo de água quente desnecessária.
A resistência do "clic", permite opção de abertura em fluxo reduzido, com economia de 50% no consumo de água.

"Saving simultaneously energy and water"
As most users open the handle in central positions, unnecessary hot water is avoided. The "clic" resistance allows the option of reduced flow opening, with 50% saving in water consumption.

"Ahorro simultáneo de energía y agua."
Como la mayoria de los usuarios abren el asa en la posición central, se evita el agua caliente innecesaria. La resistencia al "clic" permite la opción de apertura de flujo reducida, con un ahorro del 50% en el consumo de agua.

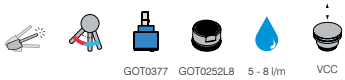

"Économie simultanée d'énergie et d'eau"
Comme la plupart des utilisateurs ouvrent la poignée en position centrale, l'eau chaude inutile est évitée. La résistance au «clic» permet l'option d'une ouverture à débit réduit avec une économie d'eau de 50%.

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

ofa ECOCLIC

tubis

5-8

Funcionamento

"Abertura Duplo Patamar":
Funciona em dois patamares, com resistência de um "clic" entre os patamares de fluxo reduzido(4,5Lts) e fluxo total (8 Lts).

"Opening Double Level Flow Rate"
It works in two flow rate levels, with resistance of a "clic" between the reduced (4,5Lts) and total (8 Lts) flows.

"Apertura con Doble Nivel"
Funciona en dos niveles, con resistencia de un "clic" entre los niveles de flujo reducido (4,5Lts) y flujo total (8 Lts).

"Ouverture avec Double Niveau"
Il fonctionne à deux niveaux, avec une résistance d'un "clic" entre les niveaux de débits réduit (4,5Lts) et total (8 Lts).

Vantagens

"Grande Economia de Água"
A resistência do "clic", força a opção de abertura em fluxo reduzido, com economia de 50% no consumo de água.

"Saving water"
The "clic" resistance allows the option of reduced flow opening, with 50% saving in water consumption.

"Ahorro del agua."
La resistencia al "clic" permite la opción de apertura de flujo reducida, con un ahorro del 50% en el consumo de agua.

"Économie d'eau"
La résistance au «clic» permet l'option d'une ouverture à débit réduit avec une économie d'eau de 50%.

chuveiros c/ botão

Os chuveiros c/botão, também conhecidos como chuveiros c/torneira ou c/encravamento, devem ser obrigatoriamente aplicados c/uma torneira ou misturadora de corte – nunca directamente a uma saída de água livre.
Estes chuveiros não têm resistência para suportar directamente a carga de pressão da água da rede de abastecimento, assim como as bichas flexíveis que habitualmente são fornecidas conjuntamente.
Para maior segurança do sistema e da higiene pessoal a maioria das torneiras estão equipadas com um "limitador de pressão" a 1,5 Kg/cm² (GDT1005).

shut-off hand shower

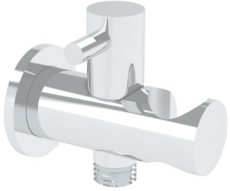

Button showers, also known as tap or interlocking showers, must be applied with a tap or mixer - never directly to a free water outlet.
These showers have no resistance to directly withstand the pressure pressure of the water supply network, as well as the flexible hoses that are usually supplied together.
For greater system safety and personal hygiene, most faucets are equipped with a "pressure limiter" at 1,5 Kg/cm² (GDT1005).

ducha shut-off

Las duchas de botón, también conocidas como grifos o duchas de enclavamiento, deben aplicarse con un grifo o un mezclador de corte - nunca directamente a una salida de agua libre.
Estas duchas no tienen resistencia para soportar directamente la presión de la red de suministro de agua, así como los flexibles que generalmente se suministran juntas.
Para una mayor seguridad del sistema e higiene personal, la mayoría de los grifos están equipados con un "limitador de presión" a 1,5 Kg/cm² (GDT1005).

douchette hygienique

Les douches à bouton, également appelées douches à robinet, doivent être appliquées avec un robinet ou un mélangeur de coupe - jamais directement sur une sortie d'eau libre.
Ces douchettes n'ont pas de résistance pour résister directement à la pression de pression du réseau d'alimentation en eau, ainsi qu'aux tuyaux flexibles qui sont généralement alimentés ensemble.
Pour plus de sécurité du système et d'hygiène personnelle, la plupart des robinets sont équipés d'un "limiteur de pression" à 1,5 Kg/cm² (GDT1005).

5-8

Funcionamento

"Abertura Duplo Patamar":
Funciona em dois patamares, com resistência de um "clic" entre os patamares de fluxo reduzido(4,5Lts) e fluxo total (8 Lts).

"Opening Double Level Flow Rate"
It works in two flow rate levels, with resistance of a "clic" between the reduced (4,5Lts) and total (8 Lts) flows.

"Apertura con Doble Nivel"
Funciona en dos niveles, con resistencia de un "clic" entre los niveles de flujo reducido (4,5Lts) y flujo total (8 Lts).

"Ouverture avec Double Niveau"
Il fonctionne à deux niveaux, avec une résistance d'un "clic" entre les niveaux de débits réduit (4,5Lts) et total (8 Lts).

Vantagens

"Grande Economia de Água"
A resistência do "clic", força a opção de abertura em fluxo reduzido, com economia de 50% no consumo de água.

"Saving water"
The "clic" resistance allows the option of reduced flow opening, with 50% saving in water consumption.

"Ahorro del agua."
La resistencia al "clic" permite la opción de apertura de flujo reducida, con un ahorro del 50% en el consumo de agua.

"Économie d'eau"
La résistance au «clic» permet l'option d'une ouverture à débit réduit avec une économie d'eau de 50%.

tekbox

A caixa de pré-instalação e visita TEK BOX permite a montagem de torneiras, quer nas tradicionais paredes em alvenaria, como nas modernas soluções de paredes em estrutura metálica revestidas a gesso cartonado (pladur), com a vantagem de livre acesso ao seu interior.
A TEK BOX é fornecida c/ ligações, que permitem efetuar os testes hidráulicos sem a necessidade da montagem da torneira ou de qualquer tamponamento e está preparada para ser utilizada c/qualquer tipo de canalização.

The pre-installation box and visit TEK BOX allows mounting concealed taps, whether in traditional masonry walls as solution in modern plaster boards walls, with the advantage of free access to its interior.
The TEK BOX is provided w/ flexible connectors which enable the hydraulic testing without to need mounting the tap or any plug and it is ready to be used w/ any plumbing pipe system.

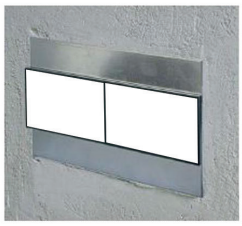

La caja de pre-instalación y visita TEK BOX permite el montaje de los grifos, ya sea em las paredes tradicionales o en soluciones modernas de paredes de cárton-yeso tipo pladur, con la ventaja de libre acceso a su interior.
La TEK BOX se suministra con conexiones flexibles que permiten la prueba hidraúlica sin la necesidad de montar el grifo o de taponar las tomas y está adaptada para acoplar cualquier tipo ed tuberia.

La boite de pré-instalation et visit TEK BOX permet de monter des robinets à l'intérieu des mures en maçonnerie traditionnelle comme dans les mur en plaques de plâtre, avec l'avantage du libre accès à son intérieur.
La boite TEK BOX est founi avec flexible speciales que permettent le contrôle hydraulique sans la nécessité de la montage du robinet ou quelque bouchon.

ECOAIR SYSTEM

poupança de água, conforto adicionado
save water, add comfort
ahorrar agua, añadir comodidad
économiser l'eau, ajouter du confort

O sistema ECOAIR garante mais 50% de economia de água. Aproveitando ao máximo o efeito Venturi, o sistema ECOAIR mistura partículas de ar à água, obtendo o resultado de um jato ainda mais confortável para proporcionar uma sensação de profundo bem-estar, mesmo com baixos caudais e baixas pressões.
ECOAIR SYSTEM está disponível em alguns chuveiros e chuveiros de mão.

The ECOAIR SYSTEM design grants a further 50% water saving. Making the most of the Venturi effect, ECOAIR SYSTEM mixes water to air particles getting the result of an even more comfortable water jet able to give feelings of deep well-being. ECOAIR SYSTEM is available in some shower head and hand showers.

El ECOAIR SYSTEM otorga un ahorro adicional de agua del 50%.
Aprovechando al máximo el efecto Venturi, ECOAIR SYSTEM mezcla las partículas de agua y aire, obteniendo el resultado de un chorro aún más cómodo para brindar una sensación de bienestar profundo.
El ECOAIR SYSTEM está disponible en algunos cabezales de ducha y duchas de mano.

Le ECOAIR SYSTEM permet une économie d'eau supplémentaire de 50%.
Tirant le meilleur parti de l'effet Venturi, ECOAIR SYSTEM mélange les particules d'eau et d'air pour obtenir le résultat d'un jet encore plus confortable qui procure une sensation de bien-être profond.
Le ECOAIR SYSTEM est disponible sur dans certains de pommes de douche et de douches à main.

CONFORTO / COMFORT / CONFORT / CONFORT

O EcoAir System aumenta o prazer de tomar banho e reduz o consumo de água. Este sistema disponível em alguns chuveiros, proporciona uma chuva agradável e relaxante.

EcoAir System increases the pleasure of taking a shower and reduces water consumption. This system, available in some sizes of head and hand showers, provides a pleasant and relaxing rain.

El sistema EcoAir aumenta el placer de tomar una ducha y reduce el consumo de agua. Este sistema, disponible en algunos tamaños de duchas, proporciona una lluvia agradable y relajante.

Le système EcoAir augmente le plaisir de prendre une douche et réduit la consommation d'eau. Ce système, disponible dans certaines tailles de douches, fournit toujours une pluie agréable et relaxante.

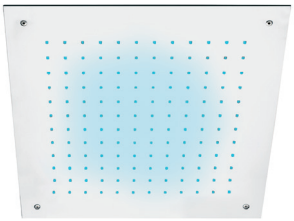

ECONOMIA DE ÁGUA / WATER SAVING / AHORRO DE AGUA / ECONOMIE D'EAU

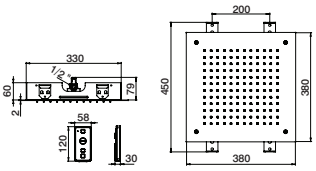

O objetivo do Sistema EcoAir é o da preservação do clima e do meio ambiente. Este sistema permite o melhor conforto sensacional com 50% de economia de água.

The aim of the EcoAir System is that of preserving climate and environment. This system allows the best sensational comfort with 50% water saving.

El objetivo del Sistema EcoAir es el de preservar el clima y el medio ambiente. Este sistema permite la mejor comodidad sensacional con un ahorro de agua del 50%.

Le système EcoAir a pour objectif la préservation du climat et de l'environnement. Ce système permet le meilleur confort sensationnel avec 50% d'économie d'eau.

Componentes | Components :

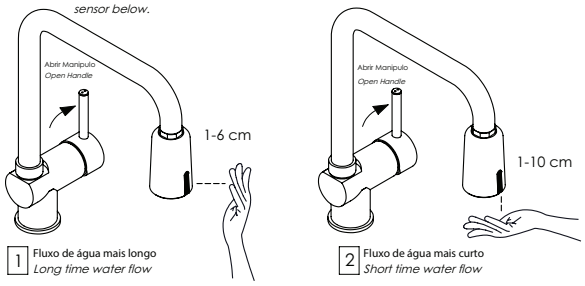

Este produto é compatível com macho M22 e fêmea M24 da bica da torneira
This Product is match to male M22 and female M24 of faucet nozzle

Funcionamento | Operation :

Função *Fuction* 1 Passe a mão na frente do sensor lateral para ligar, repita a operação para desligar.
Por segurança e economia o sistema desliga após 1 min.
Swipe your hand in front of the side sensor to switch on, repeat the operation to switch off.
For safety and economy the system shuts off after 1 min.

Função *Fuction* 2 Liga e desliga automaticamente quando suas mãos entram ou saem da área de detecção do sensor inferior.
Automatically turns on and off when your hands enter or leave the detection area sensor below.

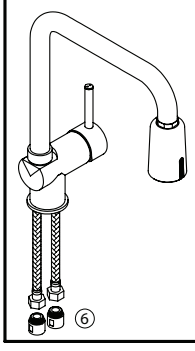

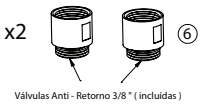

1 Fluxo de água mais longo
Long time water flow

2 Fluxo de água mais curto
Short time water flow

Instalação | Installation :

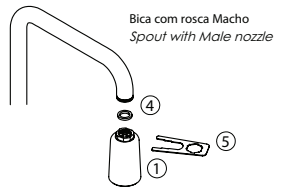

Atenção:
Attention:

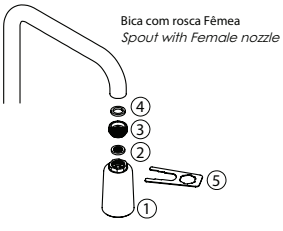

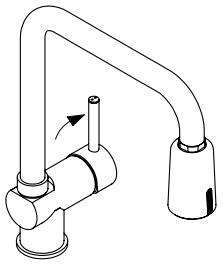

Nota Importante: Para o funcionamento deste produto é necessária a ultilização das válvulas anti-Retorno (6) a colocar à entrada dos flexíveis (quente e fria)

Important Note: For the operation of this product, it is necessary to use the anti-return valves (6) to be placed at the entrance of the flexible (hot and cold)

Abrir o Manípulo e deixar sempre aberto

Para nós é líquido: agir hoje garante o amanhã.
For us is clear: act today to ensure tomorrow.
Para nosotros el agua es vida: tomar medidas hoy nos asegura el mañana.
Pour nous, il est évident qu'en agissant dès aujourd'hui nous préparons demain.

ofa ecotech

O futuro do planeta depende de todos, cidadãos e empresas.
A OFA não fica alheia a este problema, dando continuidade ao desenvolvimento da tecnologia ECOTECH – economia de recursos e energia.
Sendo a água o núcleo da vida, esta tecnologia presente na maioria das soluções disponíveis, reforça a nossa preocupação na preservação dos recursos do planeta.
Descubra as várias soluções de "eficiência hídrica" ao longo do catálogo.

The planet's future depends on all citizens and entrepreneurs. The OFA is not oblivious to this problem, continuing the development of technology ECOTECH - saving resources and energy. Because water is the core of life, this technology present in most of the available solutions, reinforces our concern in preserving the planet's resources.
Find the various solutions of "water efficiency" througout the catalog.

El futuro del planeta depende de todos; de gobiernos, de personas y de empresas.
La OFA no es ajena a este problema y aporta el desarrollo de la tecnología "ECOTECH" consiguiendo un ahorro de recursos hídricos y de energia.
Dado que el agua es la base de la vida, con esta tecnologia que incorporan la mayoria de nuestras soluciones, colaboramos en la preservacíon de los recursos del planeta.
Descubra las diversas solucions de "eficiencia del agua" en todo el catálogo.

L'avenir de la planète dépend de tous les citoyens et les entreprises.
L'OFA n'est pas insensible à ce problème, en poursuivant le développement de la technologie ECOTECH - économiser les ressources et l'énergie. Parce que l'eau est au cœur de la vie, cette technologie présente dans la plupart des solutions disponibles, renforce notre souci de préserver les ressources de la planète.
Decouvrez lés différents solutions d' "efficacité de l'eau" à traveis le catalogue.

STILLSTOP, torneiras temporizadas destinadas a espaços públicos, onde a contenção de um dos recursos mais preciosos, a água, é factor de eleição. A esta corrente ecológica aliamos um design apelativo e funcional.

STILLSTOP, time flow taps to public spaces, where the containment of a most precious resource, water, is a factor of choice. To this we combine a current ecological design appealing and functional.

STILLSTOP, griferia temporizada, indicada para espacios de aseo público, en donde los factores como el aprovechamiento, el control y el ahorro de un recurso vital y escaso, como es el agua, justifican su instalación. A este compromiso ecológico unimos la fabricación de productos con diseños actuales, atractivos y funcionales

STILLSTOP, des robinets temporisés pour les espaces publics, où la réduction de consommation d'une des ressources les plus précieuses, l'eau, est un facteur de choix. Pour cela nous combinons un design écologique attrayant et fonctionnel.

NORMAS DE UTILIZAÇÃO
Purgar e limpar a canalização antes de instalar a torneira.

STANDARDS FOR USE
Purge and clean the canalization before installing the tap.

NORMAS DE UTILIZACIÓN
Purgar y limpiar la tubería antes de instalar el grifo.

PRECAUTIONS D'EMPLOI
Purger et nettoyer la canalisation avant d'installer le robinet.

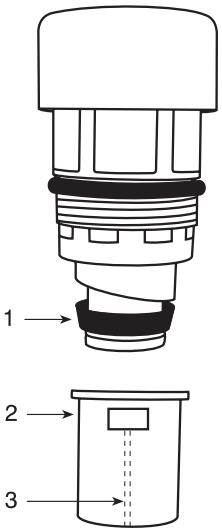

Muito importante / Very important / Muy importante / Plus important

MANUTENÇÃO
Sempre que a torneira não funcione ou demore mais tempo a fechar do que o estabelecido, verificar:
- **Limpeza da vedação cónica do pistão (1)**
- **Limpeza do interior do cilindro (2)**
- **Limpeza da ranhura vertical do interior do cilindro (3) – utilizar ponta de alfinete**

MAINTENANCE
Whenever the tap does not function or delays more time to close than the established one, verify:
- Cleanness of the conic prohibition of the piston (1)
- Cleanness of the interior of the cylinder (2)
- Cleanness of the vertical groove of the interior of the cylinder (3) – use pin tip

MANTENIMIENTO
Cada vez que el grifo no funciona o llevar más tiempo para cerrar que la establecido, cheque:
- La limpieza de la junta cónica del pistón (1)
- La limpieza del interior del cilindro (2)
- Limpieza de la ranura vertical del cilindro (3) – utilizar punta de alfiler

ENTRETIEN
Quand le robinet ne fonctionne pas ou prend plus de temps à se fermer que le réglage établi, vérifiez:
- Nettoyage du piston d'étanchéité conique (1)
- Nettoyage de l'intérieur du cylindre (2)
- Nettoyage de la fente verticale du cylindre (3) - utiliser une épingle

MUITO IMPORTANTE
Quando se trate de misturadora ou pré-misturadora, verificar:
- **Que a diferença de pressão das águas quente e fria seja inferior a 1kg/cm²**
- **Que as válvulas anti-retorno (incluídas) estão correctamente colocadas**

VERY IMPORTANT
In the case of mixing or pre-mixing, verify:
- That the pressure difference of hot and cold water is less than 1kg/cm²
- That the non-return valves (included) are properly placed

MUY IMPORTANTE
En el caso de mezclador o de pre-mezclador, comprobar:
- Que la diferencia de presión de agua caliente y fría es menor que 1kg/cm²
- Que las válvulas de retención (incluido) se ha insertado correctamente

TRÈS IMPORTANT
Dans le cas de mélange ou pré-mélange, vérifiez:
- Que la différence de pression d'eau chaude et froide soit inférieure à 1kg/cm²
- Que les clapets anti-retour (inclus) soient correctement placés

tekfixdur

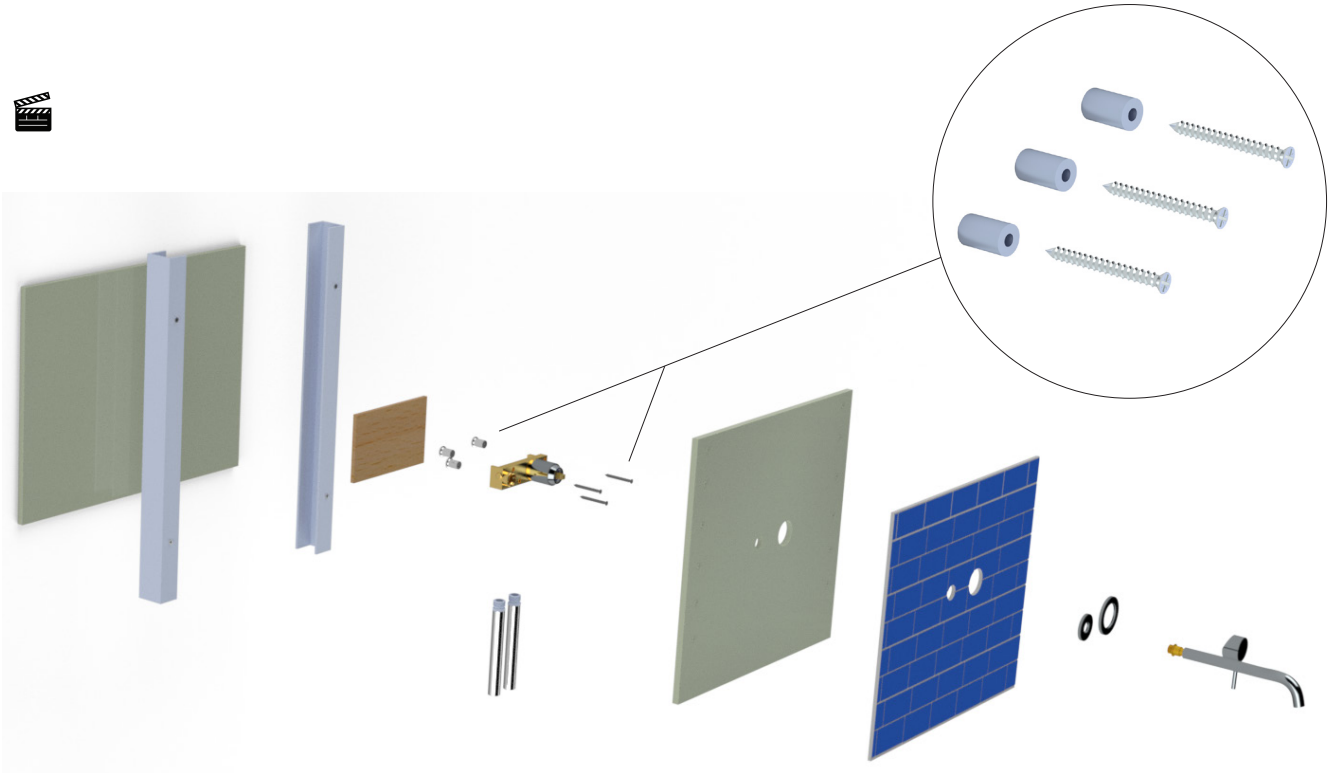

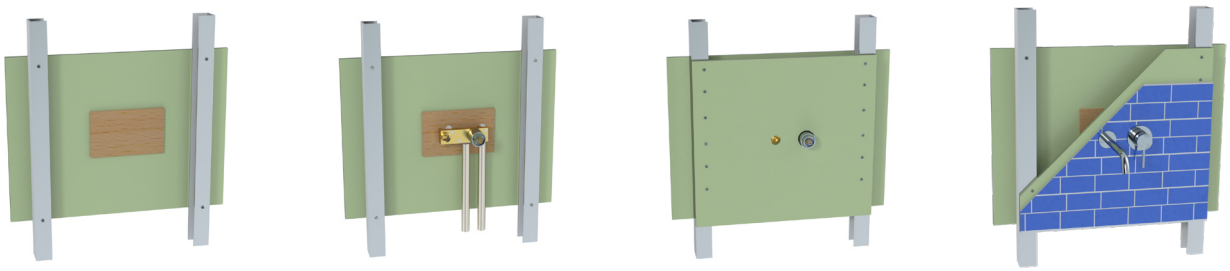

O sistema TEKFIXDUR, permite fixar a gama OFA de misturadoras de encastrar, em paredes de estrutura metálica revestidas a gesso cartonado (pladur).
As misturadoras de encastrar, independentemente de serem destinadas a paredes de alvernaria ou de gesso cartonado (pladur), são já fornecidas com as necessárias adaptações a serem aplicadas com os kits opcionais de fixação a paredes de gesso cartonado (pladur).

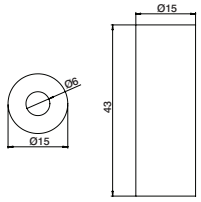

The TEKFIXDUR system allows fixing the OFA range of concealed mixers, on modern plaster boards walls.
The concealed mixers, regardless of whether they are intended for masonry walls or plasterboard are already supplied with the necessary adaptations to be applied with the optional fixing kits to plasterboard walls.

El sistema TEKFIXDUR permite la fijación de la gama OFA de mezcladores de empotrar, en paredes de cartón - yeso.
Los mezcladores de empotrar, independientemente de si están destinados a paredes tradicionales de mampostería o paredes de cartón - yeso, ya se suministran con las adaptaciones necesarias para aplicarse con los kits opcionales de fijación a las paredes de cartón - yeso.

Le système TEKFIXDUR permet de fixer la gamme OFA de mélangeurs encastrés, sur des murs de plaques de plâtre modernes.
Les mélangeurs encastrés, qu'ils soient destinés à des murs en maçonnerie ou à des plaques de plâtre, sont déjà fournis avec les adaptations nécessaires à appliquer avec les kits de fixation en option aux murs en plaques de plâtre.

CONDIÇÕES GERAIS DE VENDA

10 ANOS GARANTIA
10 YEARS WARRANTY
10 AÑOS DE GARANTÍA
10 ANS DE GARANTIE

Sem prejuízo de outras condições previamente acordadas, em todas as relações comerciais com os nossos clientes aplicam-se as Condições Gerais de Venda abaixo discriminadas, que se consideram aceites, desde o momento em que nos é colocada uma encomenda:

1. Tabelas e Catálogos
a) Os preços mencionados nas n/ tabelas não incluem IVA e podem alterar sem aviso prévio, podendo estes ser atualizados através do n/ site www.ofa.pt
Os novos preços serão aplicados às encomendas em carteira à data das alterações, salvo negociação prévia.
b) Os produtos apresentados nos catálogos podem sofrer eventuais modificações sem aviso prévio nem direito a substituição.

2. Anulação Encomendas
Encomendas de produtos especiais que não constam das n/ tabelas, ou de stock condicionado, não são suscetíveis de anulação – salvo acordo prévio.

3. Entregas e Prazos
3.1. Embora os n/ preços sejam "ex-works" (mercadorias colocadas nas n/ instalações), as mercadorias podem vir a ser entregues, c/ custos de n/ conta, nas instalações dos n/ clientes residentes em Portugal continental, desde que se verifique uma das opções:
a) Haja coincidência da passagem dos n/ veículos pela zona do cliente nos dias seguintes á data da encomenda.
b) O valor líquido da encomenda seja igual ou superior a 300€+IVA, sendo neste caso despachada por empresa logística contratada, com entrega até 48h.
Dar-se-á sempre prioridade á opção a)
Caso não se verifique uma das opções a) ou b), os materiais serão despachados por conta do Cliente com base na Tabela de "portes" em vigor.

3.2. Os prazos de entrega indicados serão sempre de caracter orientativo, pelo que o seu incumprimento, em caso algum, dará direito a indeminização.
3.3. Em caso de danos por motivos imputados ao transporte, o destinatário deve manifestar as suas reservas no documento do transportador na receção da mercadoria e reportar-nos por escrito, nas 24h subsequentes.
3.4. As reclamações relativas à quantidade ou à especificação de qualquer remessa, devem ser efetuadas nos 3 dias posteriores à recepção da mercadoria, devendo ser apresentadas e fundamentadas, por forma escrita.

4. Devoluções
a) Só serão aceites quando efetuadas num prazo máximo de 8 dias após fornecimento e com n/ prévio consentimento, excetuando-se os casos de produtos especiais que não constam das n/ tabelas, ou de stock condicionado.
b) Todas as devoluções terão obrigatoriamente de ser acompanhadas de Nota Devolução com indicação do número da guia de remessa ou fatura de fornecimento e respetivo motivo.
c) Reservamo-nos no direito de desvalorizar até 10% do valor dos produtos a devolver caso não seja evocado um motivo por nós considerado válido.
d) Os custos de transporte de devoluções são de responsabilidade do cliente.
e) Não são aceites devoluções de produtos fornecidos em Vendas a Dinheiro.

5. Garantia
a) Produtos "Ofa"
O prazo de garantia das torneiras marca "Ofa" é de 10 anos contra todo e qualquer defeito de porosidade e fusão, 5 anos contra defeitos de fabrico e respetivo acabamento cromado – para acabamentos especiais, dada a sua sensibilidade em que a duração vai depender exclusivamente do manuseamento e respetivos cuidados de limpeza, a garantia é de um ano. São São exceção os componentes termostáticos, componentes eletrónicos, assim como componentes de desgaste para os quais a garantia é a de lei.
Os produtos instalados em regime de utilização pública, ficam limitados á garantia legal.
Excluem-se da garantia situações de má instalação, uso inadequado, isenção de manutenção, manuseamento deficiente, uso de produtos químicos e abrasivos de limpeza e danos causados por água que contenha corpos estranhos.
A garantia pode não ser aplicável quando os produtos foram submetidos a pressões de trabalho superiores a 5Kgs/cm2, conforme recomendação da norma Europeia.
A garantia pode não incluir a troca total do produto, podendo somente serem repostos os componentes c/ defeito ou que provocam a anomalia, nem custos c/ mão-de-obra da respetiva substituição.
Para efeitos de garantia é necessário que os defeitos sejam comunicados por escrito e acompanhado de documento comprovativo da data de fornecimento.
Os defeitos reclamados serão comprovados pelo n/ departamento de qualidade nas n/ instalações, salvo casos excecionais que justifiquem deslocação ao local de instalação – comprovando-se, nestes casos, a inexistência de responsabilidade da "Ofa", serão debitados encargos relativos a deslocação e mão-de-obra (de acordo c/ tabela p/ o efeito, em vigor).
O exercício da garantia está dependente e condicionado ao pagamento integral do bem reclamado. A garantia não abrange qualquer indeminização relativa a paralisação e/ou privação de bens.
b) Produtos outras marcas
A garantia dos produtos comercializados de outras marcas, será a que é dada pelo respetivo fabricante.

6. Condições Pagamento
a) Numerário, Cheque ou Transferência Bancária
Pagamento imediato – desconto de 2%;
Pagamento até 30 dias da data da fatura – desconto de 1%;
Pagamento até 60 dias da data da fatura – sem qualquer desconto;
Ultrapassados os 90 dias da data da fatura, os débitos ficam sujeitos a juros de mora à taxa legal nos termos da respetiva portaria regulamentar e poderão originar o atraso ou a suspensão dos fornecimentos para além da eventual imposição contratual de termos que comunicar à nossa Seguradora de Crédito;
b) Confirming
Com despesas por conta do Cliente.

7. Reserva de Propriedade
A Torneiras Ofa, SA reserva para si, nos termos do artigo 409º do Código Civil, a propriedade dos bens e mercadorias constantes das faturas, até ao seu pagamento integral e efectivo.

8. Litígios
Consideram-se única e exclusivamente aplicáveis ao presente contrato as normas jurídicas do ordenamento português, com exclusão de quaisquer outras.
O foro competente para resolução de qualquer litígio resultante das presentes condições de pagamento, é o da comarca de Santo Tirso e/ou Julgado de Paz da Trofa, com expressa renúncia de qualquer outro.

GENERAL SALES CONDITIONS

10 ANOS GARANTIA
10 YEARS WARRANTY
10 AÑOS DE GARANTÍA
10 ANS DE GARANTIE

Without prejudice to previously agreed on conditions, the following general sales conditions listed below will be applied in all commercial dealings with our clients, which will be considered accepted, from the moment an order is placed:

1. Tables and Catalogues
a) The prices mentioned in our tables do not include VAT and can be changed without previous warning, these can be updated through our site www.ofa.pt The new prices will be implemented to the order backlog as to the date of the alterations, except for previous deals.
b) The products displayed in the catalogue can undergo possible modifications without previous warning nor does it entitle a replacement.

2. Cancellation of Orders
Special Product orders which are not mentioned in the tables, or subject to stock, are not liable to cancelations – upon previous agreement.

3. Returned Goods and Deadlines
3.1. Although our prices are "ex-works" (merchandise placed in our premises), merchandise can be delivered, on our behalf, at our costumer's address in mainland Portugal, provided that one of the following options hold:
a) There is a coincidence in location of our vehicle and the customer's address in a data after ordering.
b) The total order amount is higher or equal to a 300€+VAT, being in this case dispatched by deliver company under less than 48h.
Default is option a)
If neither option a) or b) hold, orders will be dispatched under customer's expense using current posting prices.

3.2. The expected delivery time should only be considered an estimate. Failure to do deliver shall under no circumstances give rise to compensation.
3.3. If damage occur in the delivered package the receptor should refuse the deliver and report to us up to the next 24h.
3.4. Complains regarding products quantitates and specification should be done in the next 3 days after receiving the package. Details should be submitted to us.

4. Returns
a) Returns are only accepted when performed in the next 8 days after delivery and with our permit. Exceptions are special products that are not part of our listing or on conditional stock.
b) Returns should always be submitted with a return note, specifying de invoice number and transport document and motive.
c) Failure to state a justification could imply a devalue of 10% in returned products or even refuse of returned items.
d) Return expenses are on costumer's behalf.
e) Returns of goods on cash sales are not allowed.

5. Guarantee
a) "Ofa" products
The taps have a warranty period of 10 years against any and all defects in porosity and casting, 5 years against manufacturing defects and the respective chrome finish - for special finishes, given its sensitivity in which the duration will depend exclusively on handling and respective cleaning care, the warranty is one year.
The exception is thermostatic and electronic components as well as wear components, for which the warranty is by law.
This warranty excludes bad installation, improper use, maintenance exemption, poor handling, use of chemicals and abrasive cleaning products and damage caused by aggressive water.
The warranty may not apply when the products have been subjected to high working pressures superior to 5kg/cm2, as recommended by the European standard.
The warranty may not include the total exchange of the product, it may only replace the defective components or those which cause malfunctions, neither with labour costs of their respective replacement.
For warranty purposes it is necessary for the defects to be given in writing and be accompanied by a document proving the date of supply.
The faulty defects claimed will be proven by our quality department in our premises, save in exceptional cases which justify the travel to the place of installation- proving in these cases the absence of responsibility of by "OFA", travel and labour costs shall be charged (according to the table to the effect, in force)
Exercise of the guarantee is dependent and conditional on full payment of the claimed goods. The guarantee does not cover any compensation for paralysis and/or deprivation of goods.
b) Products from other brands
The warranty for products sold by other brands will be the one given by the respective manufacturer.

6. Conditions of Payment
a) Cash, cheque or bank transfer
Immediate payment – 2% discount;
Payment up to 30 days after invoice – 1% discount;
Payment up to 60 days after invoice – no discount;
fter 90 days behind invoice all debts are open to interest using legal rate and could imply supply ending and legal imposition for contract with an insurance credit company call.
b) Confirming
Expenses are on customer's behalf.

7. Reservation of Ownership
Torneiras Ofa, SA reserves, in accordance with the law, the property of goods and merchandise in the invoices, until its full and effective payment.

8. Disputes
It shall be deemed to apply solely and exclusively to the present contact the legal rules of the Portuguese system, to the exclusion of any other;
The court having jurisdiction to settle any dispute arising from the present payment terms, is the district of Santo Tirso and/ or Tribunal de Paz da Trofa, with express waiver from any other.
